

ASSIGNMENT NO:01

Aim:- Installation Of Metamask And Study Spending Ether Per Transaction.

STEP 1:

STEP 2:

STEP 3:

Help us improve MetaMask

We'd like to gather basic usage and diagnostics data to improve MetaMask. Know that we never sell the data you provide here.

[Learn how we protect your privacy while collecting usage data for your profile.](#)

When we gather metrics, it will always be...

Private: clicks and views on the app are stored, but other details (like your public address) are not.

General: we temporarily use your IP address to detect a general location (like your country or region), but it's never stored.

Optional: you decide if you want to share or delete your usage data via settings any time.

We'll use this data to learn how you interact with our marketing communications. We may share relevant news (like product features).

We'll let you know if we decide to use this data for other purposes. You can review our [Privacy Policy](#) for more information. Remember, you can go to settings and opt out at any time.

What is a Secret Recovery Phrase?

Your Secret Recovery Phrase is a 12-word phrase that is the "master key" to your wallet and your funds

How do I save my Secret Recovery Phrase?

- Write down and store in multiple secret places
- Store in a safe deposit box

Should I share my Secret Recovery Phrase?

Never, ever share your Secret Recovery Phrase, not even with MetaMask!

If someone asks for your recovery phrase they are likely trying to scam you and steal your wallet funds.

STEP 7:

Write down your Secret Recovery Phrase

Write down this 12-word Secret Recovery Phrase and save it in a place that you trust and only you can access.

Tips:

- Write down and store in multiple secret places
- Store in a safe deposit box

Make sure nobody is looking

Reveal Secret Recovery Phrase

STEP 8:

Write down your Secret Recovery Phrase

Write down this 12-word Secret Recovery Phrase and save it in a place that you trust and only you can access.

Tips:

- Write down and store in multiple secret places
- Store in a safe deposit box

STEP 10:

Congratulations!

Your wallet is protected and ready to use. You can find your Secret Recovery Phrase in **Settings > Security & Privacy**.

Keep a reminder of your Secret Recovery Phrase somewhere safe. If you lose it, no one can help you get it back. Even worse, you won't be able access to your wallet ever again. [Learn more.](#)

[Manage default privacy settings](#)

Settings are optimised for ease of use and security. Change these any time.

[Done](#)

STEP 11:

Your MetaMask install is complete!

Pin MetaMask on your browser so it's accessible and easy to view transaction confirmations.

- 1 Click the browser extension icon

- 2 Pin MetaMask

STEP 12:

Your MetaMask install is complete!

You can open MetaMask by clicking on the extension and access your wallet with 1 click.

Click browser extension icon to access it instantly

STEP 13:

STEP 14:

The screenshot shows the MetaMask wallet interface. At the top, it displays "Ethereum Mainnet" and "Account 1" with the address "0x8826d...4531E". A sidebar on the right lists "Notifications" (New!), "Account details", "View on explorer (etherscan.io)", "All Permissions", "Snaps", "Support", "Settings", and "Lock MetaMask". The main area shows a balance of "\$0.00 USD" with a change of "+\$0 (+0.00%)". Below this are five buttons: "Buy & Sell", "Swap", "Bridge", "Send", and "Receive". A section titled "Ready to bridge?" encourages moving across 9 chains. Below this are tabs for "Tokens" and "NFTs". Under "Popular networks", there are entries for "Ethereum" and "Ethereum - Stake", both showing a +1.88% change. A blue banner at the bottom left says "Tips for using a wallet" and "Adding tokens unlocks more ways to use web3.", with a "Token marketplace" button. On the right side of the banner is a purple illustration of a person holding a smartphone.
